FOR IMMEDIATE RELEASE

Daytime Rolling Closures for Roadway Striping December 28 and 29

Santa Rosa-Caltrans striping operations will cause potential delays on U.S. 101 between Cotati and Healdsburg on Thursday, December 28 and Friday, December 29 between 9:00am and 3:00pm. Caltrans will institute rolling lane closures on U.S. 101 with assistance from the California Highway Patrol. Crews will complete striping work in the following locations:

Northbound at S.R.116 in Cotati to Wilfred Avenue in Rohnert Park.
Southbound Santa Rosa Avenue to Wilfred Avenue.
Northbound and southbound Steele Lane to Hopper Avenue.
Southbound Limerick Lane/Healdsburg Avenue to Windsor Avenue.

Short delays are expected with the rolling lane closures. Crews will work with traffic so that the operation can be completed safely with as little disruption to the flow of traffic as possible. This work is taking place during the day because the materials will not properly adhere to the pavement during cold weather at night.

The striping needs to be finished as the colder, foggier season sets in, providing better lane visibility for motorists traveling on U.S. 101. This work is part of the emergency pavement repair project.

This work may be postponed depending on the weather conditions.
